Gujarat State Construction Industry Conclave

along with

honouring of outstanding persons and companies from the construction and allied industries

'GUJARAT STATE CONSTRUCTION INDUSTRY CONCLAVE'

to be organised by Builders' Association of India, Gujarat (Ahmedabad) Centre on Saturday 11th March, 2023 will be a gathering who's who of the civil engineering infrastructure construction industry and real estate construction industry. The delegates from top construction companies will be Proprietors / CEOs / Managing Partners, etc.

Senior Government officers from departments connected with the construction industry will also be joining the conclave as delegates.

Representatives of service providers to the construction industry – machinery manufacturers, product manufacturers, software developers, etc. will also be encouraged to join as delegates.

There will be only two sessions :

Civil Engineering Contracting Industry : We will be having R&B, Irrigation Secretaries along with / or someone equivalent. They will speak about their respective departments plans. Delegates will ask questions to them.

Real Estate Industry : We will be having UD Secretary, Gujarat RERA Chief along with / or someone equivalent. They will speak about their respective departments plans. Delegates will ask questions to them.

During the inaugural session of the Conclave, BAI will also be honouring contractors and real estate builders for their achievements. Construction equipment manufacturers, product manufacturers, service providers, etc. will also be honoured.

Lifetime Achievement Award will also be bestowed.

SEASON 4

EARTHCON

11-12-13 March 2023

EARTHCON EXPO is India's exclusive B2B exhibition where prominent companies from all the categories of construction and earth moving industry participate. Organized and managed by the Aries Events Pvt. Ltd., EARTHCON EXPO has been an ideal platform that provides equal branding, marketing and collaborative opportunities to all the small and major players of the market.

The EXPO is a major attraction to presenters and visitors from various categories such as:

- **Earth Moving Machinery**
- **Mining machines and tools**
- **Hydraulics and Pneumatics**
- **Material /Handling Equipments**
- **Construction Machinery and Technology**
- **Building Material and Machinery**
- **Software & IT**

With industry leaders, contemporaries as well as the end-users gathering under one roof from all the aspects of the construction industry, the event creates a unique opportunity for presenters to connect with their potential consumers and visitors to understand the market trends and get an opportunity to directly connect with the industry leaders.
